Technical Information

Shelled English Walnuts

Product Description: This product is comprised solely of clean, California grown walnut kernels which meet the United States Department of Agriculture (USDA) standards and inspected by the Dried Fruit and tree nuts Association (DFA). The nuts are freshly produced from the latest crop and are processed and packaged in accordance with Good Manufacturing Practices (GMP) under sanitary conditions.

Physical Characteristics*

Size:

- True Halves Half count 85% or higher
- Halves & Pieces Mixture of walnut halves & pieces containing 8 to 12% halves by weight.
- 32/24 Pieces Walnut pieces screened over 24/64 round hole screen and through a 32/64 round hole screen.
- 24/16 Pieces Walnut pieces screened over 16/64 wire mesh screen and through a 24/64 round hole screen.
- 16/08 Pieces Walnut pieces screened over 8/64 wire mesh screen and through a 16/64 wire mesh screen.
- 32/24 Diced Walnut pieces screened over 24/64 round hole screen and through a 32/64 round hole screen.
- 24/16 Diced- Walnut pieces screened over 16/64 wire mesh screen and through a 24/64 round hole screen.
- Walnut Meal All material that will pass through an 8/64 round hole screen. Produced solely from previously certified merchantable shelled walnuts.

Color:

- Light Natural light walnut color. A tolerance of 15% by weight is provided for kernels darker than light.
- Combination Natural light and light amber walnut color. A tolerance of 15% by weight is provided for kernels darker than light amber.
- Bakers Chop-Light amber and amber walnut color. A tolerance of 15% by weight is provided for kernels darker than amber.

Flavor:

• Clean, fresh walnut flavor, free from rancid, bitter, stale or other off flavors.

Shelf Life:

• 24 months after initial harvest under proper storage and handling.

Storage & Handling:

- For maximum shelf life, store between 35-40°F
- Do not store or ship with onions, garlic or other odiferous products.

Packaging:

Product is packaged in taped corrugated boxes, which contain a poly liner. Each case is
identified with the product type, color and size, as well as the name of the producer,
Poindexter Nut Company, the date of manufacture, and the net weight.

• Case weights are as follows:

True Halves 22 lbs. 72 cases per pallet Halves & Pieces 25 lbs. 72 cases per pallet All Other Product 30 lbs. 72 cases per pallet

To ensure the highest quality product, staples are not used to seal the boxes. Special
packaging such as vacuum packing or nitrogen flushing can be accommodated at the
buyer's request.

Organic/Conventional Status:

- Unless otherwise specified, product is farmed conventionally.
- 100% Organic walnuts are available for most sizes and specifications. Poindexter Nut is certified by CCOF.

Defects:

- 1. Total defects not to exceed (NTE) 8% of the total weight.
- 2. Defect tolerances
- 3. Not well dried NTE 8% for the total weight
- 4. Discoloration
- 5. Affecting 1/8 (12.5%) but less than 1/4 (25%) of the kernel NTE 8% of the total weight.
- 6. Affecting 1/4 (25%) but less than 1/2 (50) kernel NTE 4% of the total weight.
- 7. Affecting 1/2 (50.5%) or more of the kernel NTE 2% of the total weight.
- 8. Shriveled
- 9. Affecting 1/8 (12.5%) but less than 1/4 (25%) of the kernel NTE 8% of the total weight.
- 10. Affecting 1/4 (25%) but less than 1/2 (50) of the kernel NTE 4% of the total weight.
- 11. Affecting 1/2 (50.5%) or more of the kernel NTE 2% of the total weight.
- 12. Dust or Meal NTE 5% of the total weight
- 13. Shell contamination NTE 0.05% of the total weight.
- 14. Foreign material NTE 0.05% of the total weight.
- 15. Insect injury NTE 2% of the total weight.
- 16. Insect infestation There is no tolerance for live insects in any lot.
- 17. Decay and rancidity NTE 2% of the total weight.
- 18. Mold
- 19. Undefined visible mold NTE 8% of the total weight.
- 20. Gray or white mold affecting 1/8 (12.5%) but less than 1/4 (25%) of the kernel NTE 4% of the total weight.
- 21. Any fruiting mold green, black, or yellow or any white or gray mold affecting 1/4 (25%) or more of the kernel NTE 2% of the total weight.

Microbiological: Testing and certification is available at an extra cost to match any customer-supplied tolerances. Tighter specifications may incur additional costs for Steam Pasteurization (in house process) or PPO treatment (out sourced).

D.F.A. Grade: Merchantable, Class 1 or 2.

^{*} Deviations in technical specification of size and color are available to customers on approval from Poindexter Nut Company. Technical assistance is available upon request.
