GMO Status : No GMO ingredients

Allergen Status : No allergen ingredients

Sensory Attributes

Appearance	Yellow to light yellow
Taste	Typical banana taste.
Odor	Free from any off or rancid odor.
Texture	Crispy, free flowing pieces of chips.

Size and other Product Specifications

Thickness	3.5 – 4.0 mm
Moisture	5% Maximum
Rejects Percentage	Whole ≤ 2 %
	Diagonal ≤ 1 %
	Cluster ≤ 2 %
	Off Colored ≤ 2 %
Metal Detection	Ferrous 1.0 mm Non Ferrous 1.2 mm Stainless Steel 1.5 mm

Storage Condition

Ambient condition. Recommended temperature not higher than 30°C

Shelf life

12 months from date of production.

Packaging Materials

Corrugated Carton Boxes Lined with High Density Polyethylene bags

Chemical Specifications

Parameters	Maximum Limit
Free Fatty Acid	
As lauric acid	0.25 %
As oleic acid	0.35 %
Peroxide Value	< 5 meq
Sulfite	< 10 ppm
Aflatoxin	≤ 4 ppb

Microbiological Properties

Microbiological counts	Maximum Limit	Method
Total Plate Count	< 1000 cfu/g	3M Petrifilm
Molds	< 100 cfu/g	-do-
Yeasts	< 100 cfu/g	-do-
Coliforms	< 10 cfu/g	-do-
E. coli	< 10 cfu/g	-do-
Salmonella	negative /25g	-do-
Staphylococcus Aureus	< 10 cfu/g	-do-

Antioxidant, Preservatives, Heavy Metals, Pesticide Residue

Antioxidant	None
Preservatives	None
Heavy Metals :	
Mercury	0.02 ppm max.
Lead	0.1 ppm max.
Cadmium	0.05 ppm max
Arsenic	1.0 ppm max
Pesticide Residue	According to EU Regulation
